This month's learning skills

This month we will be working on our fine motor skills. Fine motor skills activities use movement to develop the small hand muscles in children. Some activities that we will be doing are putting pompoms in a water bottle (feed the turkey), playing in our sensory bin that will be filled with dried corn and using various things as scoopers and buckets, and putting dried corn in a water bottle to make a corn shaker. We still will be working on our normal everyday skills including using spoons properly, using inside voices, using walking feet while inside, and proper handwashing and drying.

Cold & Flu Season

As cold and flu season is upon us, we would like to remind everyone of some of our policies.

- Must be fever free for 24 hours before returning
- Must stay home if vomiting or have the diarrhea

Weather

It's that time of year again. The weather is getting chilly so please bring a jacket, hats, and mittens with your child every day.

Reminders

Please check your child's file slot on top of the cubbies every day at pick up! There may be artwork your child would love for you to see or important information from the office 😊
