

Green Room

The Green Room is for 2 $\frac{1}{2}$ -3 year olds. The room is set up in smaller center areas where 2-4 children can interact with one another. Children have a structured day that includes Circle Time where the children learn about the theme of the week, talk about the days of the week and weather, review shapes and colors, read books related to their theme, begin spelling their names and pick a center to explore in. These center motor, puzzles & games and blocks & cars. There are planned activities that encourage small and large motor skills, cognitive development, self help skills, social skills and self expression. Children typically begin toilet training in this classroom. The group size is 16 children in the Green Room.

We look forward to meeting you!!
