Week 3: Community Helpers: Bring in a book about community helpers

Week 4: Basket Full of Apples: Bring in an apple

This Month's 4K Skills: This month we will be focusing on the new rules and routines of the Fish Room and 4K. It will be an adjustment for some friends and something we like to spend a lot of time on. With a new Classroom and teacher there are different expectations. We will encourage the children to be kind to one another by learning our Preschool Pledge. It will help the children remember: Their eyes are for watching, ears are for listening, mouths are quiet and smiling, hands and feet are to themselves and their hearts are for caring. We like to create a sense of family in our Classroom early on. Also in the Fish Room we concentrate on helping the kids make a decision of which center they want and sticking with that decision, not just wandering around the room. This sort of structure will really help with their transition to Kindergarten that we want to instill in the Fish Room early on. This month we will also be taking

the time to get to know one another. We have lots of new friends at CLC and are so excited to get to know each and every one of them.

All About Me weeks: During the school year we will be having an "All About Me" week for each child. We try to give each child a week close to their birthdays. If your child is a summer birthday then we will fill them in throughout the school year. Each child will have their own individual week. At the beginning of each month there will be a handout of questions about your child and their favorite things. These handouts will be located in your parent cubbies. Also on this handout will be an explanation of what your child can bring each day to help celebrate their week. Your child is encouraged to bring pictures to be displayed on the bulletin board for the week. If you have any questions feel free to ask Miss Gennine.
